Meals at the Organization

During your volunteer experience, you are warmly invited to enjoy your meals with us at the Allan Children Foundation.

We prepare and serve **breakfast and lunch every day** at our organization center. Volunteers are always welcome to join the children and staff for meals, creating a wonderful opportunity to connect, share stories, and experience the warmth of our community.

Many volunteers tell us that sharing meals with the children becomes one of the most meaningful parts of their visit.

If you have any dietary requirements or food allergies, please let us know before your arrival so we can do our best to accommodate your needs.

Transportation During Your Stay

One of the benefits of volunteering with Allan Children Foundation is that **you won't need to spend any money on transportation to and from the organization.**

Every morning, **Allan personally picks up volunteers from their accommodation and drives them to the organization center.** At the end of each day, **he will also take you back to your accommodation,** ensuring you have safe and reliable transportation throughout your volunteer experience.

This means you can focus entirely on enjoying your time with the children without worrying about arranging or paying for daily transport.

If you plan to explore Kampala or travel independently during your free time, we can recommend trusted transportation options such as Uber or local taxi services.
